OPENROAD® BROWN TRUNK 1000X400X400 (DESTOCKAGE)

You will appreciate the ease of use of this product's locking system, **invented in 1996 by Rythmes & Sons, and dubbed OpenRoad®**. Very ergonomic, this lock is handled with a slight pressure. **The flat lid is light and takes up little space.** When removed, it hangs from the side of the flight case thanks to its hooking system.

This OpenRoad® trunk is suitable for the storage and transport of regularly used miscellaneous equipment.
