OPEN ROAD® TRUNK 800X400X400 V2 (DESTOCK)

You will appreciate the ease of use of this product's locking system, invented in 1996 by Rythmes & Sons, and dubbed 'Open Road'®. Very ergonomic, this lock is handled with a slight pressure. The flat top is light and takes up little space. When removed, it hangs from the side of the flight case thanks to its hooking system.

This 'Open Road'® trunk is suitable for the storage and transport of regularly used miscellaneous equipment.

Product specifications and fittings

- > 9 mm BROWN phenolic faced birch plywood
- > OpenRoad® top removable flat lid
- > 2 recessed sliding latches
- > 2 recessed flip handles with double sprung
- > 4 swivel castors Ø100 (2 with brake)

Developed and manufactured by Rythmes & Sons in France
