OPENROAD® 1200X500X600 TRANSPORT CASE

This multifunctional and multi-use transport case is intended for the transport and/or storage of various materials.

You will appreciate the ease of use of this OpenRoad® case locking system, invented in 1996 by Rythmes & Sons.

Very ergonomic, this lock is handled with a slight pressure.

The flat lid is light and takes up little space. When removed, it hangs from the side of the flight case thanks to its hooking system.

Its dimensions are particularly suited to current transport standards.

Product specifications and fittings

- > 9 mm BROWN phenolic faced birch plywood
- > OpenRoad® top removable flat lid
- > 2 recessed sliding latches
- > 4 recessed flip handles with double sprung
- > 4 swivel castors Ø100 (2 with brake) on plates

Developed and manufactured by Rythmes & Sons in France

*** We do not recommend this trunk for products carrying high internal thrust on the lid ***
