SCHIEDMAYER STUDIO MODEL CELESTA

This exceptional celesta instrument was developed by Schiedmayer especially for the large concert halls and opera houses of the world. Due to its large-scale resonators, wide and heavy sound plates arranged uniquely side by side (juxtaposed), this model is unparalleled in volume and carries even the most delicate and quiet sounds to the very back corners of any concert hall.

5 octaves 1/2, C3-F8 (international notation)

- > Made in Wendlingen (Germany)
- > Tuning : 442 Hz (other tuning on request)
- > Original action mechanism according to Victor MUSTEL
- > Lid as on an upright piano
- > Double wheel caster with brake
- > Natural oak finish (Black oak finish on demand)

Dimensions (Lxlxh) : 137 x 82 x 101cm
