OPENROAD® BROWN TRUNK 800X600X600

You will appreciate the ease of use of this product's locking system, **invented in 1996 by Rythmes & Sons, and dubbed OPENROAD®**. Very ergonomic, this lock is handled with a slight pressure. **The flat lid is light and takes up little space**. When removed, it hangs from the side of the flight case thanks to its hooking system.

This OPENROAD® trunk is suitable for the storage and transport of regularly used miscellaneous equipment.
