Max. load	Max. 300 kg
Material	9 mm birch plywood
Finishing	Phenolic coated
Color	Brown
Type of Opening	Hinged top lid
Lid stays	3
Type of Latches	Large recessed padlocking butterfly latch with guided opening/closing mechanism
Number of Latch(es)	3
Type of Handle	Steel Recessed flip handle(s) with double sprung
Number of Handle(s)	8
Dish for stacking	Yes
Stackable	
Castors	4 swivel castors Ø100 (2 with brake) on plates

CLASSIC TRANSPORT TRUNK 1800X750X600

Robust and durable wooden transport case, suitable for all industrial sectors

This **versatile case** 1800x750x600, designed and manufactured in **Alsace** by Rythmes & Sons, belongs to the **Standard range**. It is specially designed for professionals in the event, industrial, and logistics sectors, offering a reliable and robust solution for the transport and storage of various equipment.

Its **brown phenolic coating** ensures high resistance to heavy loads. Its smooth surface is easy to clean. Thanks to its robust structure, this case effectively protects your equipment during transport and long-term storage.

The **recessed butterfly latch** is designed for intensive use and allows for secure closure, with the option to add a padlock for enhanced protection. The **recessed handles** with a double return spring ensure automatic return to a flat position, preventing any risk of snagging and facilitating handling.

The **integrated stacking recesses** on the lid ensure a **safe and stable stacking**, allowing for an **optimized storage space** in trucks, warehouses, or backstage areas.

The case is also equipped with 4 Ø100 wheels, including 2 with brakes, ensuring a **smooth and effortless movement**, even with heavy loads. Adapted to a wide variety of surfaces (concrete, parquet, carpet, uneven surfaces), these **non-marking wheels** protect floors without leaving traces. Their **silent rolling** enhances user comfort, particularly in environments where discretion is essential, such as orchestras or recording studios.

This case is ideal for both professionals and individuals needing secure transport and storage. It guarantees optimal durability and effective protection for your equipment.

Transport your gear with complete peace of mind thanks to this robust and functional flight case.

Available options: Consider adding foam padding or removable dividers for enhanced protection.

Developed and manufactured by Rythmes & Sons in France
