600x400xH400 OPENROAD® Storage Trunk

CARACTÉRISTIQUES TECHNIQUES

Référence produit	ORM 0644 64
Poids net (kg)	15.00
Brand	OPENROAD®
Overall dimensions with wheels (mm)	600 x 400 x H550
Interior dimensions (mm)	570 x 370 x H370
Volume (liter)	78
Max. load	Max. 100 kg
Material	9 mm birch plywood
Finishing	Phenolic coated
Color	Brown
Type of Opening	OpenRoad® top removable flat lid
Lid stays	No

600X400X400 OPENROAD® TRANSPORT CASE

Robust wooden transport case, ideal for the secure transportation of lightweight equipment up to 100 kg

This **versatile case** 600x400x400, designed and manufactured in **Alsace** by Rythmes & Sons, is both **robust and functional**. It ensures **secure transport** and **quick access** to your equipment while optimizing **space and handling**. It is particularly suited for the **transport and storage of lightweight equipment** (max. **100 kg**).

Its **brown phenolic coating** provides **high resistance to heavy loads**, while its **smooth surface** makes it **easy to clean**. Its **ergonomic locking system**, invented by Rythmes & Sons in 1996, **enhances ease of use**. Featuring a **press-latch mechanism**, it allows for **quick and effortless opening and closing**, ensuring **optimal security**. Its **flat, lightweight, and compact lid** stands out with its **side attachment system**, allowing it to be **hung on the side of the case for easy access to the contents**. As an option, a **lock can be added to the latch** to further **secure your equipment** and **prevent unauthorized access**. The **recessed handles** with **double return springs** ensure **automatic return to a flat position**, minimizing **snagging risks** during transport.

This flight case is equipped with **four D100 wheels**, including **two with brakes**, ensuring **smooth and effortless movement**. Designed to adapt to various surfaces (**concrete, parquet, carpet, uneven floors**), these **non-marking wheels protect floors without leaving traces**. Their **silent rolling** improves **user comfort**, particularly in **environments where discretion is essential**.

Type of Latches	Recessed sliding latches	Warning, we do not recommend this trunk for products carrying high internal thrust on the lid.
Number of Latch(es)	2	
Type of Handle	Steel Recessed flip handle(s) with double sprung	Developed and manufactured by Rythmes & Sons in France
Number of Handle(s)	2	
Dish for stacking	No	
Stackable		
Castors	4 swivel castors Ø100 (2 with brake) on plates
