MULTI-CORE CABLE TRUNK 1200X600X400 WITH TWO COLUMNS

This Classic trunk is delivered with 2 vertical columns. They are used as a guide when coiling cables into the trunk. You can wrap the cables in eight around both columns or wrap the cables in a circle around one of the columns. The trunk is equipped with two cable gland in U-Dish which allows the cable to leave the trunk while leaving the rest of the cable inside the trunk.
