TITANIUM SOUND XBASS HARP MODEL LUDOPHONE

- Components: 16 bars
- Sound typology: deep and resonant sounds
- Factory tuning: E, F #, G#, B, D, E
- Playing modes: Percussion and friction
- Xbass is an evolution of Marloye's metallic harp (1823) and the nail violin (circa. 1751)
- Extremely serious sounds, very appreciated within the framework of musical practices in specialized environments, facilitating an auditory or contact vibratory perception

Supplied with 1 tightening key (Facom) and 2 hammers
