Brand	RYTHMES & SONS (flight-cases)
Overall dimensions with wheels (mm)	800x300x300
Volume (liter)	72
Max. load	200 kg
Material	9 mm birch plywood
Finishing	Phenolic coated
Color	Brown
Type of Handle	Cut
Number of Handle(s)	2
Castors	No

### WOODEN STORAGE BIN 72L 800X300X300 MM

Robust, reusable and versatile bin

This **wooden storage bin** is designed to meet the **logistical requirements** of professionals. Made from solid birch plywood, it stands out for its **strength, durability, and resistance to intensive use**, even in the most demanding industrial environments.

Its sturdy construction allows it to support a **load capacity of up to 200 kg**, making it a reliable choice for the **handling of heavy materials** such as metal components, mechanical parts, or professional tools. The integrated cut-outs ensure **stable stacking** and secure storage. Handle cut-outs make for easy handling, even in repetitive work conditions.

Designed for frequent and intensive use, this wooden bin is perfectly suited to **production workshops, logistics warehouses, construction sites, laboratories, or industrial platforms**. It can be used for the **transport of equipment, the storage of spare parts, or the organization of workstations**.

With its high load capacity, quality craftsmanship, and ease of handling, this wooden bin stands out as a **reliable and durable logistics solution** to optimize your storage and transport operations safely and efficiently.
