COMPANY

Since 1981, Rythmes & Sons has been working to refine its organization and enhance its performance in order to offer specialized services and products that meet the core expectations of conductors, musicians, stage managers, and orchestra technicians.

EXPERTISE & KNOW-HOW

INNOVATION, QUALITY & RESPONSIVENESS

We leverage all our expertise to offer equipment that combines reliability, robustness, and longevity:

- Precise analysis and qualification of requirements
- Research for innovative solutions and enhancement of existing ones
- Selection of reliable, durable components
- Technical assembly and mounting
- Quality control and assurance

MANAGEMENT TOOLS

With our computerized management system (IBM-i Power 9 server), we ensure real-time tracking of all our operations—offers, orders, invoices, etc. This technological mastery enables us to optimize our responsiveness and provide you with a smooth and reliable service.

PRODUCTION CAPABILITIES

Rythmes & Sons operates a workshop equipped with high-precision machinery (CNC machines, etc.).

RAW MATERIAL INVENTORY

We maintain a substantial stock of components, allowing us to produce our goods within optimal lead times and quickly meet your needs.

COMMUNICATION RESOURCES

We have an integrated communications department that updates our information channels daily: our website (www.r-sons.com), social media, technical documents, and more. Our newsletter shares information about new products, promotions, and clearance sales.
