OPEN-U®

For 1 or 2 displays from 15" to 60"

This innovative concept of protection developed by Rythmes & Sons was born from the evolution of flat screens always larger, lighter and cheaper. This case filled the essential functions of protection for numerous trips. The Open U can be handle by a single person. The Open U is a real alternative to flight case for recent displays.

Opeining	Material	Accessories
		 4

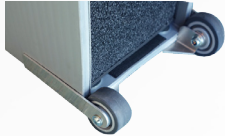

BENEFITS

- Light and compact
- Resistant
- Economic
- Transportable by 1 person
- Adjustable foams to different screen sizes
- Very good protection against impact and crushing
- Payload 80 kg max.

OPENROAD® WITH ELECTRIC LIFT

For 1 display from 45" to 65"

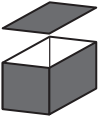

This flight-case allows a screen to be transported on an electric lift.

It is ideal for:

- videoconference meetings
- the classrooms
- museums
- ...

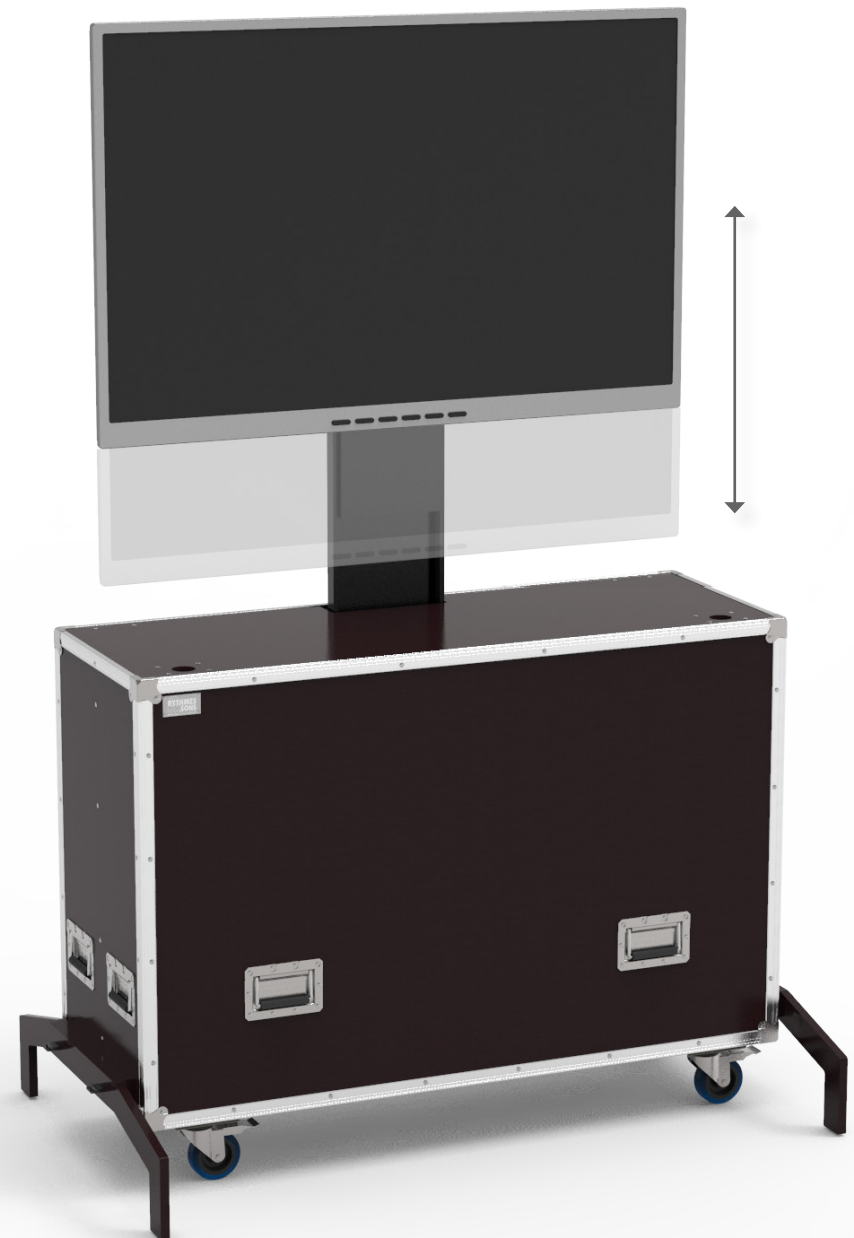

INTERIOR FEATURES

- Electric lift for screens up to 65kg. / 1000mm stroke
- Storage compartments for accessories
- Power cable outlet at the bottom
- Power strip

Opening	Material	Accessories			
	 				
		2	2	8	2

BENEFITS

- Robust
- Convenient for internal or external events
- Quick and easy installation of a screen for a presentation, videoconference, event ...
- Mobility (casters)
- Lockable with key (option)

Maximum display thickness in mm	35 to 115	40 to 120
Maximum display height in mm	715 to 815	800 to 950
Height of extended lift	Top edge of the screen at 2m	Top edge of the screen at 2.13m
Overall dimensions (L x l x H in mm)	1420 x 500 x 1050	1650 x 500 x 1185
Net weight in kg	104	120

CLASSIC WITH ELECTRIC LIFT

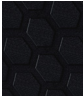

For 1 display from 60" to 86"

This flight case with electric lift is ideal for videoconferencing meetings, classrooms, internal events, museums ...

Two covers allow the flight-case to be closed with the column raised.

INTERIOR FEATURES

- 2 lids (with cut-out of the lifting column) for closing flight case with column up
- Electric lift for display 100 kg max. / 660mm stroke
- Height of the lift deployed: upper edge of the display at 2,20m
- Cushioning foam blocks for displays 70" to 86"
- VESA: 800/700/600/500/400 x 600/500/400/300/200
- Location for remote control
- compartment for accessories storage
- Power strip
- Power cable output at the bottom

Opening	Material	Accessories			
	 				
		2	4	15	12

BENEFITS

- Transport of very large screens
- Low compartment for a clean design
- Adjustable straps to different screen sizes
- Black hexagonal coating ultra resistant to shocks and scratches

	60"/70" 	70"/86" 
Reference	FVE LE70-D10	FVE LE80-D10
Storage capacity	1	1
Maximum display length in mm	1600	2100
Maximum display thickness in mm	200	200
Maximum display height in mm	1100	1300
Height of extended lift	Upper edge of the display at 2m	Upper edge of the display at 2,20m
